Dear Potential Sponsor,

We are pleased to announce the Dairy Cattle Welfare Symposium to be held **May 21-23, 2025 in Columbus, OH** at the **Renaissance Columbus Downtown Hotel**. We'd like to offer you the opportunity to be added as sponsor for the 2025 Symposium (program agenda is attached).

Each of the previous symposiums have been great successes with around 150 people in attendance, including the last in-person program held in 2024. Anyone who has an interest and a stake in dairy cattle welfare is invited to attend. Participants include dairy producers, veterinarians, consultants, government, academicians and allied companies.

The Dairy Cattle Welfare Council (DCWC) is a nonprofit organization that was formally established in 2016 to promote dairy cattle welfare by bringing together dairy farmers, veterinarians, consultants, universities, and the dairy community to develop best recommended practices with focus on animal well-being, management, husbandry, animal-people interaction, health, and productivity. Our annual symposium is a two-day meeting with a third day dedicated to on-farm employees and given in Spanish. Speakers are from multiple areas of the dairy community to educate and share research, on-farm practices, and innovation in the area of dairy cattle welfare.
